COUNCIL PROCEEDINGS\*\*\*VILLAGE OF DEXTER\*\*\*MEETING APRIL 25, 1966:

PUBLIC HEARING:

As petitioned for by the Dexter Automatic Products Co., Dexter, Michigan to obtain additional footage to enable plant expansion, described as follows:

"Beginning at the south corner of Lot 1 of Block 25, thence along the southwest boundary of Lots 1 and 2 of said Block 25, to the west corner of Lot 2, Block 25; thence southwesterly 24.75 feet to the north corner of Lot 4, Block 25; thence along the northeast boundary of Lots 4 & 3, Block 25, to the east corner of Lot 3 Block 25, thence northeasterly 24.75 feet to the place of beginning, all in the Village of Dexter, County of Washtenaw, State of Michigan, as platted and recorded in Liber 27 of Deeds, page 532, Washtenaw County Records."

The Hearing was opened by President Dettling to hear any questions, objections or comments on the vacating of the alley as described above and so petitioned for vacating by the Dexter Automatic Products Co.

1-Mrs. Dorothy Hunawill voiced objection because she felt the Village could use all possible access to the Mill Pond for future needs. Mrs. Hunawill also noted that The Dexter Automatic Products is a corporation and could sell in the future.

2- Mr. Alfred Arksey asked the question if the Village would be paid for this property. Mr. Arksey was informed that the Village would not receive any payment in return for the land, and that it would be divided equally between the adjacent property owners, in this case the Dexter Automatic Products Co. and the Detroit Edison Co who maintains a ~~power~~ sub-station there.

3- Mr. and Mrs. Arthur Levi asked the reason for the vacating of the alley. It was noted for plant expansion for the Dexter Automatic Products, thus enabling them to remain with their business in the Village of Dexter.

4-Mr. Willis Tupper, representing the Dexter Automatic Products Co, explained the reason for their petition regarding the alley, and that it was necessary that they obtain additional land in order for them to keep their ~~business~~ business in the Village.

5-Mr. Ron Mason, representing the Detroit Edison Co., stated that there was no objection on the part of Detroit Edison Co if an agreement could be worked out with the Dexter Automatic Products Co. in regards to access to their ~~Power Plant~~ <sup>Power Plant</sup> on the side adjacent to them. Mr. Mason noted that an agreement had been reached on same.

6- Mr. William Wall supported the ~~vacating~~ vacating of ~~part~~ of the alley, stating it was necessary for the keeping of industry in our Village, and also would increase the tax base.

The Hearing at this time was closed with the decision to be made during the regular Council meeting.

2. No vacation time will be earned or granted for the first six months of employment.
3. No vacation days to be used before being earned.
4. If hired the 1st through the 15th of the month the vacation base date will be the first of that month, and if hired the 16th through the last of the month the base date will be the first of the next month.
5. To be of the most benefit to the employees and the village, vacations must be taken annually and for the full period of allowance.
6. In case of resignation, discharge or death of an employee he or his estate will be paid for the unused vacation days which have accumulated to his credit.

9. Periods of leave for the Superintendent-Manager are subject to approval of the Village Council.

### SICK-LEAVE

1. After six months of continuous employment all regular employees will be eligible to receive sick-leave. Sick-leave days will be earned at the rate of one day for each full month of employment beginning with the seventh month. The starting date will be the base date of hire and the same method as used in the vacation clause (No. 4) above, to arrive at the base date will be used.
2. Sick-leave days may be accumulated to 90 days only.

If the employee knows at the time of this notification that he will be absent more than one day he must notify his supervisor of this longer absence. If he fails to notify his supervisor of his absence of more than one day, then it will be necessary for him to again notify his supervisor of this longer absence and through the same procedure. OTHERWISE NO SICK-LEAVE WILL BE GRANTED. All this is necessary so that each supervisor can plan each day's work more efficiently. A doctor's certificate may be required and must be furnished by the employee if requested by or through the employee's supervisor.
4. The responsibility for reporting all on the job accidents rests with the foreman. It must be in writing and be submitted to the clerk as soon as possible.
  - (A) For the loss of time on account of injuries incurred in the line of duty, all regular employees shall receive full pay for up to one full work week five days after the accident without drawing on his sick or vacation credits.
  - (B) After the first week should the employee elect to do so he can draw on any sick leave that may be standing to his credit in the amount sufficient to give him full pay during the period of time lost on account of such injury or to the limit of such sick benefit accumulations. In no case may the injured employee draw more sick-leave than is necessary, together with workmen's compensation, to equal his full pay.
  - (C) All benefits shall cease when the attendant physician reports that the injured employee is able to work at his job.
  - (D) Employees may use vacation accumulation for sick time, if sick time has expired.

HOLIDAYS

1. The following six holidays may be taken, with pay, weather and urgency of our work being considered: New Year's Day, Decoration Day (May 30), July 4th, Labor Day, Thanksgiving Day and Christmas Day.

COUNCIL PROCEEDINGS, \*\* VILLAGE OF DEXTER \*\* MEETING AUGUST 22, 1966:

The meeting was called to order by President Dettling. Trustees present were Klumpp, Layton, Maloney, Spiess, Sprout and Wilson.

The minutes of the previous meeting were read and approved on a motion by Layton, supported by Maloney. Carried.

Mr. Robert Woods, Dexter Variety Die & Tool, was ~~XXXXXX~~ present and discussed the drainage problem behind the stores on Main Street. Mr. Woods stated that he is in the process of obtaining or has obtained a building in this area as additional space for his business, and thus is concerned over the water problem there such as occurred this past week with the heavy rains. Mr. Woods said that he is willing in any way possible to help and to cooperate with the Council in this matter. Supt. of Public Works, Victor Sindlinger, and the Street Committee will meet within the next few days to determine if at least some temporary relief can be found that is within the limits of funds available.

The rubbish problem behind some of the ~~KMX~~ stores in the business area was discussed. It was noted that there seems to be some lack of cooperation in the matter of placing refuse for pickup in these areas. It was also noted that the contract for the Rubbish carriers does not call for them to do a general cleanup of any given area but merely to pick up refuse placed for same. Better Policing of these areas may be expected in the future.

The Utilities Committee reported that Mr. Clarence Phillips, operator of the Sewage Disposal Plant, has rendered his resignation verbally, to be effective as of Sept. 1st.

The Council acknowledged the participation and planning on the part of Mr. Robert Wotring and Mr. Jacob Lutz during Ofterdingen Day August 13th. Mr. Wotring and Mr. Lutz will receive letters thanking them for same.

A budget report for the six month period will be reviewed and adjustments made where needed. This report to be given at the meeting of Sept. 26th.

Bills in the following amounts were presented for payment and were so ordered paid on a motion by Layton, supported by Maloney. Carried.

COUNCIL PROCEEDINGS. \*\*\* VILLAGE OF DEXTER \*\*\* MEETING SEPTEMBER 12, 1966: ---

The meeting was called to order by President Dettling. Trustees present were Klumpp, Layton, Spiess, Maloney and Wilson. Trustee absent was Sprout.

The minutes of the previous meeting were read and approved on a motion by Maloney, supported by Layton. Carried.

Mrs. Barstow, Dutch Maid Coin Laundry, was present and requested the Council to consider a loading zone for the Railway Express Office now located in their Building on Broad Street. Mrs. Barstow was also interested in the parking facilities that have been available when the property was the Lovell Standard Station and whether they would still be available. Both requests will be determined after a meeting of the Street and Traffic Committees.

It was moved by Spiess and supported by Wilson that the alley so petitioned for vacating by the Dexter Automatic Products Co. be approved as directed by the Circuit Court of Washtenaw County, Ann Arbor, Michigan, dated Sept. 6, 1966. Motion carried. Note: The true copy of the order may be seen at the Office of the Clerk on request. This order is filed in the official minutes of Village of Dexter, meeting Sept. 12, 1966.

Trustee Spiess reported that the Auxiliary Police for the present is on an inactive basis. Uniforms and inventory to be returned to the Dexter Police Dept.

Extra help for the Police Dept. for a two week period, for Friday and Saturday nights from 7:00 P.M. to 3 A.M. was authorized on a trial basis.

The Council was advised by its Engineers that the solution to the drainage problem behind the stores on Main Street would not be best solved by any type of pumping project. A storm sewer drainage system is needed here they advised, and should be done on an assessment basis to the property so involved. The Village could share in part of the costs as defined by the Highway Acts of the State.

Mr. Harold Litke, Building Contractor, presented to the Council a letter requesting consideration to a parcel of land south of the Village limits for annexation. Since this parcel of land is included in the proposed expansion plans of the Village by the Planning Board, the letter was presented to the Planning Board for their comments.

Trustee Klumpp reported on the meeting of the Huron River Watershed Committee held Sept. 15th. It was noted that the Village of Dexter will play an important part in the water needs for the next 20 years.

Approval was granted on the request of the Disabled American Veterans for their annual Forget-Me-Not Sale on Sept. 22, 23 and 24th.

Bills in the following amounts were presented for payment and were so ordered paid on a motion by Klumpp, supported by Spiess. Carried.

COUNCIL PROCEEDINGS \*\* VILLAGE OF DEXTER \*\* MEETING SEPTEMBER-26, 1966:...

The meeting was called to order by President Dettling. Trustees present were Klumpp, Layton, Maloney, Spiess, Sprout and Wilson.

The minutes of the previous meeting were read and approved on a motion by Klumpp, supported by Maloney. Carried.

A six months budget report was presented to the Council by the Clerk for thier study. After much discussion of the report of the budget for this year, President Dettling instructed the Budget Committee to give it ~~XXXXXX~~ further study and to report back to the Council at the next regular meeting with recommendations and adjustments for the balance of the fiscal year.

COUNCIL PROCEEDINGS. \*\* VILLAGE OF DEXTER \*\* MEETING NOVEMBER 14, 1966.

The meeting was called to order by President Dettling. Trustees present were Klumpp, Layton, Maloney, Sprout, Spiess and Wilson.

The minutes of the previous meeting were read and approved on a motion by Wilson, supported by Spiess. Carried.

Mr. Donald H ckney and Mr. Delbert Holtz representing the businessmen were present and discussed with the Council the refuse problem behind the stores. Mr. H ckney requested that the Council contact the Rubbish Contractor in regards to a later pick-up behind the stores, this he beleives will help to eliminate the situation as it is at the present. The Council agreed to do this.

Mrs. Dorothy Hunawil was present at the meeting and commented that the refuse condition behind the stores was much better than has been in the past few weeks.

Mr. Stanley Schiebach of Diamond Lake, Michigan was appointed as the new Sewage Treatment Plant Operator. Mr. Schiebach is a registered state operator.

President Dettling reported on the meeting of the Planning Board on November 1st. The next meeting, he noted, will be held on November 15th when the Village Engineer will discuss the water & sewer needs in regards to expansion.

The following appointments were made by President Dettling with approval of the Council: Trustee James Spiess was appointed as Legislative contact man for the Village for the 1967 session of the State Legislature.

Mr. John Synder and Mr. Charles Mosher were appointed to the Planning Board to replace Mr. Harry Stanton and Mr. Charles Hurst. Mr. Synders term is for three years and Mr. Mosher's term is for one year. Resignation by Mr. Stanton is due to his moving from Dexter and the resignation of Mr. Hurst is due to conflict of business, being unable to attend the meetings. The Council wishes to thank these men for the time that they have served the Village on the Board.

Motion for the above appointment approval was made by Klumpp and supported by Sprout. Carried.

The Clerk was instructed to submit a bill to the Dexter School Board in regards to the recent defacing of the water tower and street signs believed to have been done by some of the students of various classes in the High School. It was noted that destruction to public property is of a serious nature and has to be treated as such. The climbing of the water tower is a dangerous stunt and a simple slip could result in the death of a so called prankster.

An off street parking ordinance was discussed and will be brought up for adoption in the near future. Snow removal and street cleaning is hampered by cars not being removed during times of storms and cleanups.

Scio Township requested from the Council consideration for the purchasing of gas and oil from the Village for its new Police Patrol car which is to be put in service soon. The Council agreed to do this on a trial basis.

The placing of a street light in the alley between Ann Arbor Street and Fifth Street west of Dover Street was authorized by the Council. This alley is the one-way alley running from Ann Arbor Street to Fifth Street.

COUNCIL PROCEEDINGS \*\* VILLAGE OF DEXTER \*\* MEETING NOVEMBER 28, 1966:

The meeting was called to order by President Dettling. Trustees present were Klumpp, Layton, Maloney, Sprout, Spiess and Wilson.

The minutes of the previous meeting were read and approved on a motion by Klumpp, supported by Sprout. Carried.

President Dettling reported on the meeting of the Planning Board held Nov. 15th which also included the presence of the Village Engineer. At this meeting, Mr. Dettling noted, that a review of the present Village facilities was made and what others might be needed in case of expansion.

It was reported that the request of Mr. Donald Hackney and Mr. Delbert Holtz regarding a later pick up of the refuse behind the stores could not be done at this time. After meeting with the Rubbish Contractor it was noted that the time element that he has to dispose of the refuse pick-ups would not allow a later pick-up without the use of an additional truck and thus would cause an increase in rates for the service. The Council felt that because of this factor it would be unadvisable to make a change at this time.

The first reading of a proposed Village ordinance ~~XX~~ regarding off street parking was read and tabled at this time. The Council requests, however, that all citizens of the Village co-ope rate during the winter months so that snow removal can be done in a minimum amount of time.

A fire hazard ordinance was also discussed and the Clerk was instructed to contact the Michigan Municipal League for copies of such ordinances that other villages may have.

Trustee Maloney reported on the meeting of Nov. 17th of the Huron River Watershed.

Trustee Klumpp reported that there will be a meeting of the U.S. Army Engineers in the near future regarding water resources in this area. Mr. Klumpp noted that he plans to attend one of these meetings.

There were no reports from the Public Works Dept. as Mr. Sindlinger was unable to attend the meeting due to the snow removal program from the storm today.

Bills in the following amounts were presented for payment and were so ordered paid on a motion by Layton, supported by Sprout. Carried.

COUNCIL PROCEEDINGS \*\* VILLAGE OF DEXTER \*\*\* MEETING DECEMBER 12, 1966:

The meeting was called to order by President Dettling. Trustees present were Klumpp, Layton, Spiess, Maloney and Wilson. Trustee Sprout absent.

The minutes of the previous meeting were read and approved on a motion by ~~Maloney~~ Maloney, supported by Spiess. Carried.

Trustee Klumpp reported on the Budget, noting the rising costs of materials and supplies. Mr. Klumpp felt that the Budget for the Public Works Dept. was in order at this time, however with an increase in snow removal another look would be taken in January.

Trustee Wilson reported on the activities of the Fire Dept. for the month of November.

A copy of a letter which was written to the Washtenaw County Sheriffs Dept. regarding what was felt as excessive speed through the Village limits by Sheriff patrol cars was read to the Council. The letter was sent by James Y. Kennedy.

D.P.W. Supt. Victor Sindlinger reported to the Council of the activities of his Department, noting that snow removal would be much higher this year than had been previously anticipated.

Trustee Maloney reported on the Utilities Committee. It was noted by the Clerk that the original approval for the issuing of bonds for a water treatment plant had been returned to the Municipal Finance Commission upon their request. This request was based on the fact that the bond issue so approved could not cover the increased costs of the construction of the Plant. This approval will be kept on file at their office.

The second reading of the "OFF STREET PARKING ORDINANCE" was read and adopted on a motion by Spiess, supported by Wilson. Carried.

(Copy of Ordinance - next page)

By resolution to the above adopted ordinance, it was moved by Spiess and supported by Wilson that the time limits be from 2:00 A.M. EST to 6:00 A.M. EST from November 1st to April 1st. Carried.

The Clerk reported that petitions for various offices of the Village will be available after Dec. 15th. Deadline for filing the petitions will be January 2, 1967 at 4:00 P.M..

Copies of a Fire Hazard Ordinance were given to Trustee Wilson for study and recommendation. Mr. Wilson is to report back to the Council on same.

Approval of a request from the Family Service to meet at the Council Rooms on the third Monday of the month was given by the Council. The exception to this would be if a special meeting of the Council would be called and would be used by them.

Because of the Christmas Holiday there will be no meeting on December 26th.

COUNCIL MEETING \*\* JANUARY 9, 1967 \*\* COUNCIL PROCEEDINGS: .....

The meeting was called to order by President Dettling. Trustees present were Klumpp, Layton, Maloney, Spiess, Sprout and Wilson.

The minutes of the previous meeting were read and approved on a motion by Klumpp, supported by Sprout. Carried.

Mr. and Mrs. Ron Trachet were present and discussed with the Council the new "Off Street Parking" Ordinance. Mr. and Mrs. Trachet noted that they do not have enough off street parking space available and thus causes a problem for ~~their~~ parking. Other instances were also noted by Mr. Trachet. After discussion of this ordinance and the apparent misinterpretation of same and the confusion it has seemed to cause, President Dettling requested that the Council further review the Ordinance and report at the next regular meeting. President Dettling and the Council requests that the residents of the Village be considerate and cooperate in keeping the cars off of the streets for designated time of 2:00 A.M. to 6:00 A.M. so that snow removal can be accomplished in the minimum amount of time and costs.

Trustee Wilson reported on the activities of the Fire Dept. for the month of December. Mr. Wilson stated that he had no further report of a Fire Hazard Ordinance at this time.

President Dettling noted that he will request a report from the Planning Board for the next regular meeting in regards to progress of Village expansion.

COUNCIL PROCEEDINGS\*\*VILLAGE OF DEXTER\*\*MEETING JANUARY 23, 1967:

The meeting was called to order by President Dettling. Trustees present were Klumpp, Layton, Maloney, Sprout and Wilson. Trustee absent was Spiess.

The minutes of the previous meeting were read and approved on a motion by Maloney supported by Sprout. Carried.

Re-evaluation of the Water Treatment Plant was discussed at this time. Mr. Fred Swain representing the DaLee Corp. presented illustrations of samples of our present wells in regards to iron, hardness and odor. Mr. Swain further discussed the process of an Elgin Conditioning System for the water supply distribution system. Mr. Raymond Smit and Mr. Robert Barnes of the Engineering firm of Ayres, Lewis, Norris and My, were also present and discussed with the Council past plans and drawings for the Water Treatment Plant and the possibility of future construction. After hearing both discussions, Mr. Smit was asked to continue his analysis of the Water Treatment Plant.

Village Planning Board members, Norman Wilner, Keith Hoatlin, David Hosmer and John Synder were present and reported to the Council progress made in regards to expansion. Tony Perfect acting in an advisory capacity was also present. Mr. Perfect is a member of the Ann Arbor Planning Commission. Three points were made in the report:

1-That the Council adopt a resolution, written by the Village attorney, involving the area to be annexed and have it presented to the Washtenaw County Board of Supervisors.

2-That the preparation of a new Zoning Ordinance will take longer than first anticipated and the Board recommends certain amendments to the present code for the present. This would update the code now in existence.

3-For better communications between the Board and the Council, they should meet approximately every two months together.

Dr. Wilner also reported that the Board has been approached by Mr. Harold Litke, H & H Builders for annexation of a piece of land south of the Village limits on Baker Road. Preliminary study shows that facilities can be made available. Village Department heads of the Police, Fire and DPW have also surveyed the area involved and can see no problems. A four unit apartment building is being planned for the site. The Council was informed that a letter, plans and property description will be furnished to them soon.

Victor Sindlinger reported on the activities of the Public Works Department noting that new storage space will have to be found for materials and supplies now stored at the Depot on Broad Street. The Depot was recently purchased by the Dexter Youth Club for a new Club Building.

Regarding off street parking, parallel parking signs will be placed on Broad Street in unmetered areas, thus eliminating angle parking. Enforcement of this parking will begin after signs have been installed. A notice in the Council Briefs of this meeting will also call attention to this matter. Placing of such signs are in accordance with the recently passed "Off Street Parking Ordinance".

The Village Clerk reported that due to a conflict of Primary Elections being held by the Village and Scio Township on February 20th, it will be necessary for the Village to hold their election at the Council Rooms (Old Library Building).

Bills in the following amounts were presented for payment and were so ordered paid on a motion by Layton, supported by Klumpp. Carried.

A petition opposed to annexing a piece of property on Baker Street south of the village limits was discussed by the Council. COUNCIL PROCEEDINGS\*\* VILLAGE OF DEXTER \*\* MEETING-FEBRUARY 27, 1967:

The meeting was called to order by President Dettling. Trustees present were Klumpp, Layton, Maloney, Spiess and Wilson. Trustee absent was Sprout.

The minutes of the previous meeting were read and approved on a motion by Klumpp, supported by Spiess. Carried.

Village Assessor, Lloyd Mull, was present at the meeting to discuss with the Council the Village assessments for this year. By State Law this year both Village and Township assessments are to be the same. Niel Mast, Scio Township Supervisor, was also present and explained the procedure to be followed. For practical purposes, state equalization should be followed with an adjusted tax levy to meet Village needs. It should be noted however, that even though assessed valuations through equalization would be higher, a lower tax levy from 15 mills as has been used by the Village over the years would not raise the taxes accordingly.

Budget requests were received from the Summer Recreation Program and the Dexter District Library. These will be reviewed and presented to the Budget Committee for consideration.

A Fire Hazard and Inspection Ordinance was discussed and copies to be sent to the Village Attorney for an opinion and approval.

Police Chief Robert Taylor reported on Civil Defense Programs regarding Tornado Watch ~~XXXXXX~~ procedure in our area.

Trustee Layton reported on the Street Program for the Village which has to be reported to the State Highway Dept. Work for this year will depend on revenues available.

Trustee Klumpp reported on the Huron River Watershed Committee activities. Mr. Klumpp presented brochures to Councilmen present regarding the activities of the Committee.

Bills (Payroll) in the following amounts were presented for payment and were so ordered paid on a motion by Layton, supported by Maloney. Carried.

COUNCIL PROCEEDINGS\*\*VILLAGE OF DEXTER\*\*MEETING-JUNE 12, 1967:

The meeting was called to order by President Parsons, Trustees present were Klumpp, Layton, Noble, Spiess and Wilson. Trustee absent was Wilner.

The minutes of the previous meeting were read and approved on a motion by Layton, supported by Klumpp. Carried.

Mr. David Hosmer, Chairman of the Planning Board was present and reported on the activities of the ~~PLANNING~~ Board. It was noted by Mr. Hosmer that the Board recommends that the Village retain the property on Shields Road which Mr. William Weber proposed to purchase. Other recommendations included the proceeding with the annexation of ~~XXXXXX~~ property on Baker Road on which Mr. Litke proposes to build an apartment house, also that this property be zoned residential. The Board has approved the final site plan submitted by Mr. Litke. It was also recommended that the Council reintroduce its recommendation regarding the annexation of property to the Village as was passed at the Board meeting of May 31, 1966.

Bids for refuse service were opened at this time. There was only one bid received, from Root Rubbish Service, which is presently the Village contractor. Said bid was in the amount of \$11,700.00 annually. This amounts to \$300.00 per month over the present contract. Said contract would be for two years with an option to renew for one year. After discussion, it was moved by Klumpp and supported by Layton that the bid be accepted. Motion carried.

There were no bids received for a Police patrol car although six requests had been sent out by the Clerk. After discussion, the Council asked Mr. Thomas Shea, Village Attorney, to rule as to what position the Village now stands in regards to acquiring a car.

Trustee Noble reported on the Police Commission and supplied copies of his report to each Councilman for their review.

Trustee Wilson reported on the activities of the Fire Dept. Fire Chief Keith Hoatlin was also present and noted that besides Tom Coy, Edw Schuyler has also been hired as one of the full time firemen. Another interview is planned to fill the third position.

Police Chief Taylor reported on the need for a new radio for the Police car. It was noted that the present one is not working to full capacity.

Supt. of Public Works, Victor Sindlinger reported on his Department, noting among other things, the need for a new water tap machine or the rebuilding of the present one at a cost of \$125.00. It was also requested that the Council consider some type of vehicle for transportation for Mr. Schiebach, Sewage Treatment Operator, to be used in his work. No action was taken at this time. A notice of a safety award has been received by Mr. Sindlinger in recognition of accident free operation of the water plant during the past two years.

Trustee Spiess read a copy of a survey letter which is expected to be mailed out in the near future regarding the water treatment plant. The Council desires to know if this plan should be re-presented now. Said plans for the treatment plant were dropped last year due to bids in great excess to the estimate prepared.

President Parsons presented to the Council the American Flag which in turn had been presented to him by the Dexter Post of the American Legion at the Memorial Day ~~XXXXXXXXXX~~ Program. This Flag will fly from the pole at the park at Main and Central Streets.

COUNCIL MEETING \*\* AUGUST 14, 1967 \*\* VILLAGE OF DEXTER:

The meeting was called to order by President Parsons. Trustees present were Klumpp, Layton, Noble, Spiess, Wilner and Wilson.

The minutes of the previous meeting were approved as read.

Trustee Klumpp gave a report on the budget through July 31, 1967, noting that some possible adjustments may be necessary in certain areas of the Police Dept and the DPW. After further study, Mr. Klumpp said he would give his recommendations on same.

Bids were opened for the purchase of a new Police Car. Bids were received from Alfred Gross, Dexter (Ford) and from Steeb Motor in Saline (Dodge). After discussion of the bids, it was moved by Wilner and supported by Layton that the low bid of \$2679.00 from Alfred Gross Inc, Dexter (Ford) be accepted. Motion carried.

Fire Chief, Keith Hoatlin, Explained and answered questions regarding the operation of the Fire Dept since obtaining three full time men. Representatives of the following Townships were present: Scio Township - Niel Mast, Supervisor; Webster Township - Carl Mast, Supervisor; Lima Township - Jay Bradbury, Supervisor and Dexter Township - Robert Wheeler - Township Clerk. Points of discussion included continued co-operation between the Fire Dept., Village and Townships - Problems of the Townships in collecting for fire calls for grass fires along the railroad and for truck and car fires on highways, and some possible budget problems for the Townships. It was noted, however, that these are problems that can and will be solved by the units of government.

Trustee Layton, Street Committee, reported that work on Hudson Street will start as soon as possible. Hudson Street is part of the Major Street System and funds for this system are available this year. Mr. Layton noted that Kensington Street is part of the Local Street System and that funds are not available possibly until next year.

Representatives of the Dexter Chamber of Commerce were present and requested that the Council take part in the project of getting Baker Road ~~XXXXXXXXXX~~ classified as a Class 'A' Road. This, it is felt will induce industry to the area and help to enlarge what is already here. Mr. Neil Mast, Scio Township Supervisor, who was also in attendance, added his support. Baker Road is in Scio Township and connects the Village with I-94. The Council after discussing the request, stated that they would try to arrange a meeting with the Washtenaw Road Commission, regarding same, and authorized the Clerk to contact the Road Commission by letter to set up such a meeting. It was agreed by all in attendance that it seems necessary for future growth of the Village and area that a Class 'A' Road is essential.

Mrs. Dwight Barstow, representing the property at the corner of Main and Broad Streets, was present and asked the Council to re-consider its vote of June 26, 1967 to curb ~~XXXX~~ Main Street and that part of Broad Street that is necessary. The Council had authorized this done as part of the Street Program for this year. After much discussion, it was moved by Noble and supported by Wilner to have this motion rescinded. A vote was called for by President Parsons. Following is the vote: Ayes - Noble and Wilner.

Nays - Layton, Wilson, Klumpp and Spiess. The motion was defeated.

It was moved by Wilson and supported by Spiess that no charge be made for taping of the water and sewer services for the Dexter Youth Club (Old Depot) on Broad Street. Motion carried.

Village of Dexter

Over 200 persons, including your village delegate, were present in the first in a series of public hearings held on February 21, 1968 at the Statler Hilton Motor Inn, Ann Arbor, by the Michigan Water Resources Commission to establish the water quality standards basically intended to protect existing uses of the Huron River. Similar public hearings are scheduled for other Southeastern Michigan rivers.

This growing concern for water and its uses has created fears and problems for us and our downriver communities. The Water Resources Commission must add more specific definitions of lakes and impoundments for the purpose of clarifying the manner in which use rules adopted in January 1968 apply to existing artificial impoundments on the Huron River; namely, the Ford and Belleville Lakes and the Geddes, Argo and Barton Ponds, before the commission can expect to start enforcing water quality standards this fall.

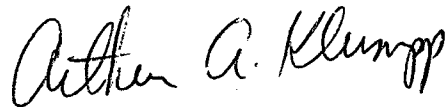

Municipal finance worries, determination of bodies of water for total body contact or partial body contact, conservation, recreation, commercial, industrial, agricultural and the composition of the water itself are some of the problems that must be resolved before the end of the year.

The Corps of Engineers have requested an additional \$40,000 for continuation of the Huron River studies which may include further work on Mill Creek. Presently they are NOT actually working on the Mill Creek Project.

Chairman John Dillion of the Huron River Watershed Council presented the recommendations of the Technical Advisory Committee and the Executive Committee. The WRC questioned Mr. Dillion at some length on the strength and operation of the Watershed Council and whether or not member units had adopted the Goals of the Council or had adopted the recommendations

of the Technical Advisory Committee and the Executive Committee on Water Quality Standards. Mr. Dillon reported that a majority of the member units have adopted the Goals but many have not taken action on the recommendations of the Technical Advisory Committee and the Executive Committee because of time element of monthly meetings. The WRC asked if it would be possible to submit a report to them within 30 days as to what action member units had taken. Chairman Dillon answered that the Watershed Council would comply.

The Village of Dexter is a charter member of the Huron River Watershed Council.

Arthur A. Klumpp
